WALT DISNEY World® EPCOT®
Lake Buena Vista, Florida

Sponsorship Opportunities
and Event Overview

The Green Cross Celebration raises critical funds to support the National Safety Council mission to save lives and prevent injuries from the workplace to anyplace, while celebrating outstanding achievements in safety.

At the 25th annual Green Cross Celebration, guests will experience the magic of Disney at the World Showcase Pavilion located in the heart of EPCOT®. Following a delectable dinner, entertainment, auction, and awards presentation, guests will enjoy a dessert reception and front row seats to the nighttime spectacular featuring fireworks and music at the Isle de France. This event is a fantastic opportunity to network with other safety professionals, entertain clients or just have a fun night out with friends and/or colleagues while at NSC Safety Congress & Expo in Orlando!

Philanthropic support enables NSC to keep people safe throughout their everyday lives both on and off the job. By identifying the leading safety concerns through research, NSC creates effective solutions and provides the resources employers and individuals need to stay safe. We advocate at the federal and state level and are relentless in our efforts to educate everyone to ensure safety is a priority each and every day. None of this work would be possible without the support of our partners.

About the Green Cross for Safety® Awards

Outstanding achievements in safety are recognized through three distinct awards. Winners in each category are announced at the event.

SAFETY ADVOCATE

Recognition for the advancement of best practices to raise awareness or change policy to prevent further injuries and deaths

SAFETY EXCELLENCE

Recognition for the unrelenting pursuit of exceptional, transferrable safety practices

SAFETY INNOVATION

Recognition for a transformative approach to a long-held challenge in safety

The National Safety Council is America's leading nonprofit safety advocate - and has been for more than 100 years. As a mission-based organization, we work to eliminate the leading causes of preventable death and injury, focusing our efforts on the workplace and roadway. We create a culture of safety to not only keep people safer at work but also beyond the workplace so they can live their fullest lives.
