Proven to teach drivers under 25 to make safe and legal driving decisions

Alive at 25® is a highly-interactive course that teaches drivers under 25 the attitudes of personal responsibility and respectful decision making to ensure they are capable of making safe and legal driving decisions. This new curriculum is designed and structured using a modular approach with four 60-minute sessions with five-minute breaks.

What participants will learn

Drivers between the ages of 15-24 are more likely than anyone else to be killed in a motor vehicle collision. Alive at 25 incorporates Reality Therapy and Choice™ Theory techniques to help participants identify the five basic needs that drive human behavior. Whereas driver education teaches the mechanics of car and road handling and state law, Alive at 25 focuses on behavior, judgment, decision making and consequences, and provides tools for making positive choices. This course is an excellent complement to standard driver education programs.

Course features

- an interactive approach using balanced levels of information and learner-centered application activities
- appropriate media that reflect the participant needs and learning styles
- a variety of learning methods and media, such as realistic scenarios to enhance learning
- emphasis on knowledge and skills transfer
- integrated review and application of previously learned concepts

Alive at 25® classes are held at the National Safety Council metro Atlanta location. Meets TLC requirement.

Course Location: NATIONAL SAFETY COUNCIL  
5161 Brook Hollow Pkwy Ste 220 (Classrooms)  
Norcross, GA  30071
