

NATIONAL SAFETY COUNCIL PROBATIONARY COURSE

Frequently Asked Questions IL Probationary Class

How do I contact you if I have a question?

Our contact information is as follows:

- Toll free number: 1-800-822-7009
- Email address: DDCIL@NSC.ORG

What do I do if I did not mail my license in two weeks before my suspension date?

If you have a current IL driver's license mail it immediately to:

National Safety Council
200 Salina Meadows Parkway
Suite 200
Syracuse, NY 13212

If your license has been lost, or you do not have it, you must contact National Safety Council (NSC) and we will mail you a document to sign and return. The document can be mailed, faxed, or emailed to you.

What if I am driving on a ticket?

The first thing you need to do is pay the ticket. Once the ticket is paid, your license will be returned to you and you can mail it in **ONLY** if your suspension has not started. If your suspension has started, you still have to pay your ticket; however, your license will not be returned to you. A document form must be completed. It can be faxed, mailed, or emailed to you.

Can my temporary license be used to drive in other states?

Yes. It can be used in some, but not all states. It is up to you to check with the state motor vehicle department where you are traveling and ask if your IL Probationary license is an approved form of license for that specific state.

What happens if I miss my scheduled class and have to schedule another one?

You must call NSC back to reschedule for another class. You will be required to pay a nonrefundable, mandatory fee of \$125.

Is this class required?

No, the State of Illinois does not require you to take our course. If you do not take the course, you are unable to drive during your suspension period. However, if you wish to drive legally for the next three months we encourage you to take the class. If you are not able to rely on public transportation for the next three months, you should take the course.

When will I get my license back?

The State of Illinois requires you to pay a fee to get your license back. Once this is paid, your current Illinois driver's license will be mailed back to you by the Secretary of State. You should receive your driver's license within two (2) business days of the end of your suspension period.

Can I use my temporary license to rent a car or fly?

Yes, but you will be required to show a photo ID along with it. Acceptable forms of photo ID include Passports, State ID, etc. Please be sure to check with the airline and rental car company to decide what they accept.

Can I take the Probationary License course after my suspension has started?

Yes; however, your temporary License will have a date of when it was issued by the State and that cannot be changed.

Will I receive a certificate in the mail or after class?

Completion certificates can be mailed to drivers who have taken a Probationary class and called us for the certificate to be mailed. If you do not call to get a certificate mailed, a certificate will not be mailed.

IMPORTANT: A CDL driver can take the Probationary License Program but will **ONLY** be able to drive a personal car; they are not allowed to drive commercial vehicles for **ANY** purpose with a temporary license.
