

DDC Professional Truck Driver Self Study

NSC Driver Safety Training

Cost-effective, self-paced training for truck drivers

Course description

DDC Professional Truck Drivers Self-Study addresses the most common causes of truck-related incidents and provides truck drivers with the knowledge and defensive driving strategies required to avoid collisions and traffic violations. This 2-hour self-paced course is the convenient and affordable choice for fleets with drivers who are unable to attend a classroom course, do not have access to the internet, or need to train in segments during off hours.

What participants will learn

Students will be presented with an easy-to-follow Participant Guide and companion DVD. Throughout the course, participants will learn how to recognize both potential and immediate hazards and how to avoid collisions in a variety of driving conditions and environments. Students will recognize why choosing safe, responsible and lawful driving behaviors and habits make personal and financial sense. To enhance retention and learning, participants will be presented with thought provoking questions, realistic driving situations and a knowledge-based assessment.

Course materials

DDC programs are based on proven defensive driving techniques and driver attitude research. Each course is designed, written and reviewed by leading safety experts, driver education professionals, statisticians and research analysts, and an international advisory committee.
