

CELEBRATING  
100 YEARS  
OF SAFETY

## CORPORATE Co-Branding Feature

For orders of 100 or more, NSC will create a co-branded website using your company's logo and graphics. Effectively train any size workforce at multiple locations. Administrators can view user information and generate reports at any time with the easy-to-use Administrative Management System. Site creation, web hosting, administrative access, and customer and technical support are included with quantity purchases of 100 or more IDs.

**More than 2 million people**  
have taken DDC Online course!

## DDC Online

### The most convenient online driver safety training available

DDC Online from the National Safety Council combines the most popular defensive driving course, DDC 8/6, with the convenience of online. Continually updated information and technology make it the most effective Internet defensive driving curriculum on the market, with consistent quality and content nationwide. More than 30% of Fortune 100 companies have used DDC Online to help employees drive defensively.

### What you will learn

- Defensive driving strategies and techniques to reduce the chance of collision
- How drugs, alcohol, physical conditions and emotions affect driving decisions
- How to deal with driver distractions and fatigue
- Physical forces of a collision
- The importance of occupant safety devices and how to use them correctly

### Course content

DDC Online delivers leading-edge content to keep your drivers safe while meeting the needs of your company's driver improvement plan. **Train your workforce for a fraction of the cost of one preventable accident.** Participants have the flexibility to work at their own pace and according to their own schedule. Plus, they get the convenience of training anywhere there is a computer with Internet access—even in the comfort of their own home.

### What's new

- Adaptive curriculum based on individual driver profiles and vehicle types—the answer to multiple driver safety program requirements for most companies
- A Resource Center with PDFs of valuable information from the course and links to other complementary sites
- Full-motion video and 2-D animations, and crash scenario evaluations
- Higher degree of user interactivity to enhance comprehension and retention
- Additional information on the dangers of cell phone use and texting while driving
