Professional Truck Driver Online Course, 5TH EDITION

NSC Driver Safety Training

Control costs and liability risks associated with unsafe driving behaviors

*Heavy truck and tractor-trailer crashes can have a devastating impact on a company's bottom-line. A fatality crash involving a truck with a single trailer can tip the scale at \$7.6 million.**

Whether you are a new motor carrier just starting out or an established company with years of experience, safety is good for your business. Good safety practices can save lives, reduce injuries, and control costs.

Course description

This **4-hour Professional Truck Driver (PTD) Online** combines the content of our classroom defensive driving course with the convenience of interactive, web-based training. Your drivers have the flexibility to take the course at their own pace and is compatible on any electronic devices including personal computers, Macs, android tablets and iPads, and mobile phones. Internet connection is required.

PTD Online offers state-of-the-art technology with an emphasis on scenario-based training, hazard risk assessments and knowledge checks. This enhanced level of interactivity works effectively at multiple phases of driver training — from new hire to post-incident and refresher training.

What participants will learn

The course addresses the most common causes of truck-related crashes and driving violations and provides the knowledge and unique defensive driving techniques to help truck drivers avoid traffic-related incidents. Participants will learn how to recognize both potential and immediate hazards and how to avoid collisions in various driving, road and weather conditions.

PTD Online takes training to the next level with content that adjusts to the driver's profile including age, driving behaviors and attitudes, risk level, vehicle type and unique driving conditions. This elevated level of personalized content offers a more engaging learning experience resulting in higher retention rates.

Course highlights

- High definition videos, 3-D animation, graphic illustrations and gaming exercises
- Adaptive curriculum that adjusts to the participant's profile, performance and various driving conditions
- Hazard recognition scenarios, reenactments of real-life driving situations and crash evaluations
- Full-course narration with closed captioning for the hearing impaired
- Easy to follow navigation and a convenient bookmark feature allowing participants to exit and return to the course where they left off
- Knowledge checks and session reviews to validate retention concluding with a final exam and printable Certificate of Completion with an 80% passing score
- Internet connection-speed technology and universal device compatibility

NSC Defensive Driving Online Courses (DDC) offer a cost effective solution for companies with:

- Employees in remote or multiple locations
- Immediate training needs
- Limited classroom space or instructor resources
- New employee training
- Refresher or post incident training
- Contract drivers and fleet operations
- Temporary drivers and staff

Establish your very own DDC Online Training University

With a minimum purchase of 100 registrations, NSC will design your company's very own DDC Online Training Web Site with co-branded pages containing your company logo, personalized employee welcome message, and custom reporting capabilities. Site creation, web hosting, and customer and technical support are included.

An administrator at your organization can manage your DDC Online Training, track registrations, participant progress and test scores, access user or department information, and generate detailed reports at any time with the easy-to-use DDC Online Learning Management System.

With your customized administrative site, you have the ability to:

- Assign access codes to adapt to your organization's department structure, site locations or business functions
- Acquire participant information and user reports instantly, or customize a report based on select requirements
- Create searches to find information that matches identified criteria and update employee records
- Print Certificates of Completion immediately
