NSC Driver Safety Training

Cost-effective, self-paced training

Course description

Defensive Driving Course (DDC) Self-Study addresses the most common causes of motor-vehicle incidents and provides drivers with the knowledge and defensive driving strategies required to avoid collisions and traffic violations. This 2-hour self-paced course is a convenient and affordable choice for organizations with drivers who are unable to attend a classroom course, do not have access to the internet, or need to train in segments during off hours. DDC Self-Study is an excellent option for new employee orientation, refresher and post-incident driver training:
