

Road to Zero Coalition Membership List

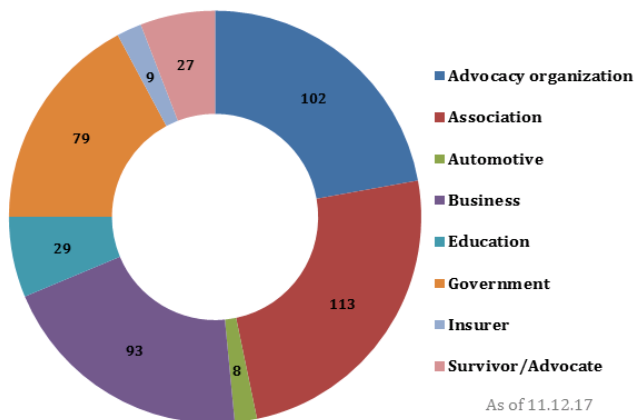

“The aim of Road to Zero is to get to zero deaths in the next 30 years,” says Debbie Hersman, president and CEO of the National Safety Council. “That’s the goal. We’ve done this with aviation—there have been several years with zero deaths in commercial aviation—and a lot of people thought that was impossible. We’re really focused on incorporating all of the initiatives that we’ve seen through Toward Zero Deaths, Vision Zero and a number of different groups to get to zero.”

Our vision is simple for Road to Zero – ending traffic fatalities on our roadways by 2050. [Road to Zero](#) is a collaboration of 450+ stakeholder organizations working towards ZERO fatalities on our roadways who are committed to being part of the national solution to end the upward trend of fatalities on our roadways.

The [National Safety Council](#) leads the initiative as a partnership with the U.S. Department of Transportation including the National Highway Traffic Safety Administration (NHTSA), Federal Highway Administration (FHWA), Federal Motor Carrier Safety Administration (FMCSA) and Centers for Disease Control (CDC). The goal is safe mobility for all people and to eliminating traffic fatalities within 30 years.

Don’t see your name on the list? We invite you to [join and become a member of our Road to Zero coalition](#) which takes less than a minute to sign up and there is no cost. For more information and membership application, go to www.nsc.org/RoadToZero.

Road to Zero Coalition Members

Row Labels	Count of Type
Advocacy organization	102
Association	113
Automotive	8
Business	93
