Dear Ms. Caracci

Thank you for the time we spent on the phone on Monday. It helped me to understand the process you use to certify that your instructors are well trained in presenting the Pediatric First Aid content.

As we discussed I have issued a Specialty Discipline Organization PQAS number to the National Safety Council for Pediatric First Aid. Your status as an approved PQAS Specialty Discipline Organization means that you are eligible to provide professional development that is recognized by the Office of Child Development and Early Learning as "PA Keys to Professional Development approved instruction." Your organization's name and PQAS number must appear on the Certificate of Attendance, which provide practitioners with the documentation of completed professional development.

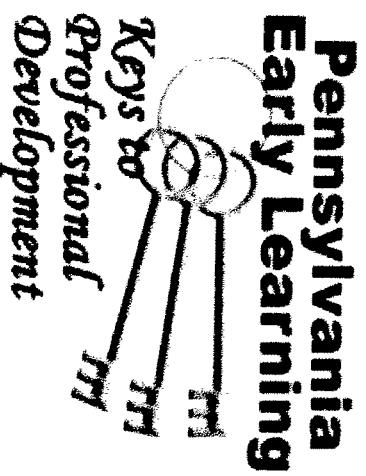

You have been assigned a unique number in the PQAS system which should appear on the certificate of attendance. Your number is SDO-01900.

If you have any questions, please feel free to contact me at linker@berksiu.org or 717-213-2068.

Sincerely,

A handwritten signature in cursive script that reads "Linda Kern".
