National Safety Council
c/o Barbara Caracci
1121 Spring Lake Drive
Itasca, Illinois 60143

Dear Ms. Caracci:

The Virginia Board for Barbers and Cosmetology is writing to inform you that it has accepted National Safety Council as an approved provider of Bloodborne Pathogen education. This is in addition to prior approval of the Adult CPR and First Aid health education. The Board has updated its guidance document for tattooers and body-piercers identifying approved health education providers to indicate National Safety Council is also approved for Bloodborne Pathogens. If you have any questions or comments regarding this matter, please contact the Board at (804) 367-8590, or by email at barbercosmo@dpor.virginia.gov.

Sincerely,

BOARD FOR BARBERS AND COSMETOLOGY

Enclosure
