

Instructor-led
classroom course

NSC Pediatric First Aid, CPR & AED

Take the right steps to protect young lives

Whether it's a simple cut or bruise or a life-threatening emergency, no one wants to see a child hurt. We have adapted all of the topics from our NSC® First Aid, CPR & AED course to meet the special needs of infants and children in our pediatric first aid course.

This course meets 2010 CPR and ECC Guidelines.

What you will learn

- Taking action in an emergency
- Basic life support
- Bleeding and wound care
- Shock, burns and poisoning
- Sudden illness
- Cold and heat emergencies
- Children with disabilities

Course materials

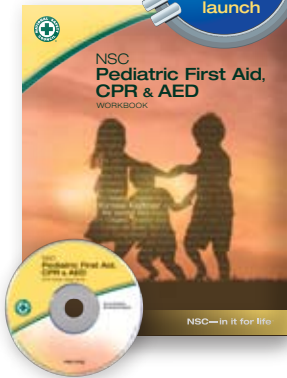

Instructor Resource Kit
