

Safe Driving

On the Road to Reducing Risks and Costs

7 Steps to Safer Driving

1. Be prepared! Buckle up, set GPS, check your vehicle
2. No distractions! Never text-turn off phones
3. No alcohol, drugs, or meds. They can impair driving
4. Keep cool! Aggressive equals Risky, Considerate equals Safer
5. Wake up! If drowsy take a break or nap
6. Stormy weather! Adjust your driving accordingly
7. Full speed ahead? Caution on hills, winding roads, intersections

A Safe Driving Program...

- Saves lives
- Saves time
- Saves money
- And gets you home safely

More than 35,000 people die in crashes every year on U.S. roads and over 90% of those accidents are the result of preventable driver error.
