

## Industry Leader Award Criteria

The Industry Leader Award recognizes the top participants (companies, units and/or facilities) in the NSC Occupational Excellence Achievement Award program. All companies, units and/or facilities that have met the criteria and qualified for the Occupational Excellence Achievement Award will be automatically considered. Organizations cannot apply for this award.

- Industry Leader Award represents the best self-reported performance among 2-digit NAICS codes
- Industry Leader Awards are presented only among 2-digit NAICS codes represented by **five or more participating organizations**.
- Organizations must have 0 cases and 0 fatalities
- NAICS codes represented by 20 or more participating organizations are subdivided by organization size:
  - 1 million or more hours worked
  - Between 1 million and 100,000 hours worked
  - 100,000 or less hours worked
- Within the 2-digit NAICS codes, winners will be distributed equally across the three size categories
- Approximately 5% of participants within a 2-digit NAICS code will be selected as industry leaders
