Jenkins Joins Million Mile Club

City Carrier Curtis Jenkins with his award presented by District Manager Angela Curtis.

New Bern, N.C. is known as a picturesque city teeming with historic sites. Now New Bern can also be remembered as the location where three winners of the Million Mile Award were recently recognized for a combined 112 years of safe driving. City Carrier Curtis Jenkins is responsible for almost 40 years of that total and plans to add more.

District Manager Angela Curtis congratulated Jenkins and said, "Its such an honor to be able to thank you for being safe for so many years." Curtis also thanked Jenkins for his military service. Jenkins noted that with two schools on his route he's become conditioned to alertly performing his duties. "Making sure the kids are safe keeps me on my toes." Jenkins added that he enjoyed his job and would continue working.
