## Taylor Safely Drives A Million Miles

*(l-r) District Manager Angela Curtis, Human Resources Manager David Mills, City Carrier Myrtis Taylor, Morehead City Postmaster Ed Hoffman, and Manager, Post Office Operations Dean Roberts.*

City Carrier Myrtis A. Taylor was honored with the District's Million Mile Award at a recent ceremony in Morehead City, N.C. To help illustrate the magnitude of her achievement is the realization that the distance Taylor has driven safely during her thirty-five year career is four times the distance from earth to the moon.

Ms. Taylor attributed her spotless driving record to remaining constantly vigilant for other drivers and pedestrians. Taylor added that even after thirty-five years she enjoyed her job. Taylor stated, "I don't plan on retiring anytime soon." Additionally, her brother John Taylor, a retired City Carrier from Morehead City, received the award five years ago.
