A MILLION MILES OF SAFETY

L to R: Postmaster Chris Moss, District Manager David Fields, Rural Carrier Richard Alderman, City Carrier Stanford MacGillivray, Station Manager David James, Post Office Operations Manager Dean Roberts

In Mid-Carolinas District's first recognition ceremony of 2011, two carriers from Brynn Marr Annex were honored by the National Safety Council's Million Mile Club. City Carrier Stanford MacGillivray and Rural Carrier Richard Alderman, residents of Jacksonville NC, were both honored for driving one million miles throughout long careers without a preventable motor vehicle accident. MacGillivray with 30 years of service and Alderman, a 32 year postal employee, were the 42nd and 43rd members to join the Million Mile Club.

MacGillivray said, "Safety has always been a top priority on the job. I'm proud to be a member of the Million Mile Club."

Alderman admitted safe driving success was no easy task but explained, "Getting home safely to my family and being able to provide for them are my biggest motivators. This is why I'm always alert of what's happening around me."

Fellow coworkers congratulated the carriers on receiving the award. The Million Mile Award is the most prestigious honor given by the NSC which recognizes professional drivers in the workplace," said District Manager David Fields. "Your records demonstrate that you are both committed to performing your duties safely. Your customers appreciate it, and so do we." Station Manager David James expressed appreciation to the recipients stating, "You are examples for other letter carriers to follow. Let's continue to keep safety at the forefront when performing our daily duties."
