NATIONAL SAFETY MONTH 2017

May 2017

National Safety Month - Plan for Each Week

NATIONAL
SAFETY
MONTH 2017

June will be here before you know it. National Safety Month is a time to focus on the leading causes of preventable injury and how we can work together to eliminate them.

Did you know that one person dies every four minutes from something preventable like a car crash, poisoning or a fall? Help us reverse this trend and bring the number down to zero.

To give you a head start in planning National Safety Month at your workplace, **member-exclusive materials are available now** at [NSM 2017](#) as well as below, for your convenience.

As a reminder, we will also send you each weeks materials starting at the end of May so you can share the tools your employees need to **Keep Each Other Safe**.

Week 1: Slips, Trips & Falls - Stand Up to Falls

- 5-Minute Safety Talk ([English](#) / [Spanish](#))
- Tip Sheet ([English](#) / [Spanish](#))
- Poster ([English](#) / [Spanish](#))
- [Checklist](#)
- [Quiz](#)

Week 2: Workplace Fatigue - Recharge to be in Charge

Free NSM Webinar

**Managing Workplace
Fatigue: Learnings from the
Metropolitan Transportation
Authority (MTA)**

Tuesday, June 13, 2017
12:00 PM Central

Workplace fatigue has been and continues to be a major concern for employers, particularly in companies with 24/7 operations and use of heavy equipment. Register and hear what the MTA has been doing to eliminate fatigue among their workers.

Register Today!

6 Ways to Get The Team Excited About Safety

1. Distribute NSM materials weekly and attend the webinar on 6/13
2. Create bulletin boards or newsletters based on the weekly topics
3. Hold a safety trivia contest with prizes each week

- 5-Minute Safety Talk ([English](#) / [Spanish](#))
- Tip Sheet ([English](#) / [Spanish](#))
- Poster ([English](#) / [Spanish](#))
- [Checklist](#)
- [Quiz](#)

Week 3: Active Shooter & Workplace Violence

- 5-Minute Safety Talk ([English](#) / [Spanish](#))
- Tip Sheet ([English](#) / [Spanish](#))
- Poster ([English](#) / [Spanish](#))
- [Checklist](#)
- [Quiz](#)

Week 4: Ergonomics - Don't Just Sit There

- 5-Minute Safety Talk ([English](#) / [Spanish](#))
- Tip Sheet ([English](#) / [Spanish](#))
- Poster ([English](#) / [Spanish](#))
- [Checklist](#)
- [Quiz](#)

Week 5 BONUS: Road Safety for Workers

- 5-Minute Safety Talk ([English](#) / [Spanish](#))
- Poster ([English](#) / [Spanish](#))
- [Checklist](#)
- [Quiz](#)

4. Ask employees to go on safety walks around your facility to identify hazards

5. Throw a safety fair or celebratory luncheon

6. Share posts on social media using #KeepEachOtherSafe

Safety+Health Sneak Peek

2017 Job Outlook

Many occupational safety and health professionals believe their jobs are stable, and – in the short term, at least – they plan to stay put, according to the results of the 2017 Safety+Health Job Outlook survey.

[Read here for the results](#) from this year's Job Outlook survey, including responses to our open-ended questions and a web-exclusive infographic.
