

# **NSC** Construction & Utilities **Division**

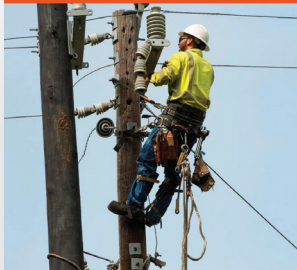

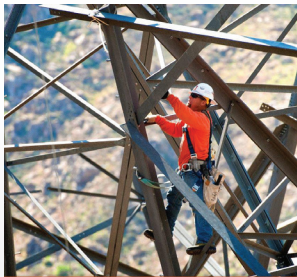

**Construction  
is not easy work.**

**Risks are  
everywhere.**

**Falls from heights  
can be fatal.**

**But falls don't  
have to happen.**

The *National Safety Council Construction & Utilities Division* is working to ensure every employer in the industry has the information and tools they need.

**Visit [nsc.org/falls](https://nsc.org/falls) to access  
your free resources**
