DMA Code	508

Community Injury Data

What are the leading causes of injury in your community? Please select the top three causes of injury. *

» Falls

» Motor vehicle crashes (any transportation related injury e.g., pedestrian, bicycles)

» Unintentional drug overdoses

Initiative 1 Name:

Smoke Detector Program - Fire Department working with Red Cross to install smoke detectors in City residences

Injury issue it addresses. (Select one.) *

» Fire Safety

Does Initiative 1 align with one of the three leading causes of injury in your community you identified at the start of the survey? *

» No - Why not? (Please explain.) Although it doesn't align with one of the 3 leading causes of injury, it is very important to have workable smoke detectors in the home. New Castle has a lot of older homes and elderly people living in them.

What is the goal of Initiative 1?

(Goals should be SMART (specific, measurable, attainable, realistic and timely). Examples include: Reduce the number of falls in older adults by 10 percent in 2017, Fifty percent of employers in the coalition will implement a no cell phone use while driving policy within 2 years.)

The goal is to alert homeowners so they can put out the fire before it spreads or get out of the house in time.

Is Initiative 1 based on promising or evidence-based practices? *

» No

Please explain why the coalition is not implementing a promising or evidence-based practice at this time.

We are working at getting data in which to measure the impact.

Please indicate what this initiative is trying to accomplish? (Select all that apply.)

- *
- » Enhancing individual knowledge and skills to prevent injuries or illness and promote safety and health
 - » Reaching the community with information and resources to promote safety and health

What type of funding do you have (are you seeking) for Initiative 1? (Select all that apply.)

- *
- » No funding

What specific type of grant(s) do you have (are you seeking) for Initiative 1? (Select all that apply.) *

How are you measuring progress or impact for Initiative 1?

(E.g., Tracking the number of people trained, Weighing the pounds of medications collected in community medicine drop boxes, Monitoring the number of organizations adopting a cell phone ban policy)

Tracking injuries related to residential fires

What were the results of Initiative 1?

(E.g., X% decrease in injuries, X% increase in attendance, X number of organizations changed policy, X pounds of medications collected)

No results yet

Initiative 2 Name:

Active Shooter training offered by New Castle Police Department

Injury issue it addresses. (Select one.) *

»Violence - related injuries

Does Initiative 2 align with one of the three leading causes of injury in your community you identified at the start of the survey? *

»No - Why not? (Please explain.) Fortunately we have not had to deal with any active shooter situations but we need to be prepared in case something like that would happen.

What is the goal of Initiative 2?

Goals should be SMART (specific, measurable, attainable, realistic and timely). Examples include: Reduce the number of falls in older adults by 10 percent in 2017, Fifty percent of employers in the coalition will implement a no cell phone use while driving policy within 2 years.

The goal of the active shooter training is so we are prepared in case of a terrorist or other attack. We need to know how to handle the situation.

Is Initiative 2 based on promising or evidence-based practices? *

»No

Please explain why the coalition is not implementing a promising or evidence-based practice at this time.

Thankfully, we have not had to use this training yet.

Please indicate what Initiative 2 is trying to accomplish? (Select all that apply.)

*

»Reaching the community with information and resources to promote safety and health

»Changing organizational practices to improve safety and health

What type of funding do you have (are you seeking) for Initiative 2? (Select all that apply.)

*

»No funding

What specific type of grant(s) do you have (are you seeking for Initiative 2? (Select all that apply.) *

How are you measuring progress or impact of Initiative 2?

(e.g., Tracking the number of people trained, Weighing the pounds of medications collected in community medicine drop boxes, Monitoring the number of organizations adopting a cell phone ban policy)

Since we have not had any attacks, we have not had to use the training.

What were the of Initiative 2?

(E.g. X% decrease in injuries, X% increase in attendance, X number of organizations changed policy, X pounds of medications collected)

No results yet

Initiative 3 Name:

Safety Dog visits the schools to teach children about bus safety

Injury issue it addresses. (Select one.) *

»MVC – Child passenger safety

Does this Initiative 3 align with one of the three leading causes of injury in your community you identified at the start of the survey? *

»Yes

What is the goal of Initiative 3?

(Goals should be SMART (specific, measurable, attainable, realistic and timely). Examples include: Reduce the number of falls in older adults by 10 percent in 2017, Fifty percent of employers in the coalition will implement a no cell phone use while driving policy within 2 years.)

The goal is to teach school children about bus safety, how to get on and off the bus and not talking to or going with strangers.

Is Initiative 3 based on promising or evidence-based practices? *

»No

Please explain why the coalition is not implementing a promising or evidence-based practice at this time.

We have not been able to measure the impact.

Please indicate what Initiative 3 is trying to accomplish? (Select all that apply.)

*

- »Enhancing individual knowledge and skills to prevent injuries or illness and promote safety and health
- »Reaching the community with information and resources to promote safety and health

What type of funding do you have (are you seeking) for Initiative 3? (Select all that apply.)

*

- »No funding

How are you measuring progress or impact Initiative 3?

e.g., Tracking the number of people trained, Weighing the pounds of medications collected in community medicine drop boxes, Monitoring the number of organizations adopting a cell phone ban policy)

The school and bus company regularly make sure they are following best practices and teaching the children

What were the results of Initiative 3?

(X% decrease in injuries, X% increase in attendance, X number of organizations changed policy, X pounds of medications collected)

No results yet.

Aside from your Top 3 Initiatives, what other issues is your coalition working on? (Select all that apply.) *

- »MVC – Teen driving

In the past year, has your coalition (as a whole) received funds to support the work of the coalition?

(e.g. line item in municipal budget, XYZ company donated x dollars to buy car seats or support printing costs) **

- »No

Please provide a brief summary of a community success story. These stories may be included in the Safe Communities America Annual Report, NSC publications, and highlighted on the Safe Communities America website. This is an opportunity to brag about your community to partners, leaders, funders and legislators.

Examples of success stories may include, but not be limited to, new funding received as a Safe Community coalition, public recognition by leaders and/or legislators, increased media engagement or media placement, environmental improvements which support safety/injury prevention, reduction in a specific injury because of something you implemented, new or innovative initiative/program/policy organized by the coalition or stories from residents directly impacted by your work

The success we have had is not having to use the active shooter training.

Does your coalition use any of the following media platforms? (Select all that apply.)

- »Coalition does not use any of these

Please indicate the frequency of social media used in the past year (January – December 2016).

Please indicate the type and frequency of communications you have used in the past year (January – December 2016).

	Did not use in past year	1-3 times/year	4-6 times/year	7-10 times/year	11+ times/year
Emails/electronic-blasts (e-blasts) *		x			
Newsletters *	x				
Newspaper articles *	x				
Op-eds *	x				
Presentations about Safe Communities *	x				
Word of mouth *	x				
Other (Specify below) *	x				

As a member of the Pan Pacific Safe Communities Network we are required to show how accredited Safe Communities are networking through presenting and attending conferences.

Please provide the names of conferences you attended in the past year, the date and if you presented, attended or exhibited. (e.g., 10/29/16 Annual Public Health Association Meeting and Expo – Presenter & Exhibitor, 8/9/16 - Safe Communities America Network Meeting – Attendee, 1/20/16 oral presentation on a community prescription drug drop box initiative- Presenter)
Conference 1:

02/19/16 Safe Community Quarterly Call Attendee

Conference 2:

05/25/16 Safe Community Quarterly Call Attendee

Conference 3:

11/18/16 Safe Community Quarterly Call Attendee

You may or may not know that in 2017, Safe Communities America will be celebrating our 10-year anniversary!

We would like to use this milestone as an opportunity to share the collective impact of this network. Therefore, we are collecting quantitative metrics on programs and trainings many of you implement in your communities.

The next two questions are our attempt to quantify each Safe Communities impact.

We understand this is not an exhaustive list, but we have attempted to outline programs most Safe Communities in the United States are implementing.

Please select the programs/initiatives your coalition has participated in for the past ten year years, or the length your coalition has been working together. *
