Community Injury Data

What are the leading causes of injury in your community? Please select the top three causes of injury. *

- » Falls
- » Motor vehicle crashes (any transportation related injury e.g., pedestrian, bicycles)
- » Unintentional drug overdoses

Initiative 1 Name:

Matter of Balance

Injury issue it addresses. (Select one.) *

- » Falls

Does Initiative 1 align with one of the three leading causes of injury in your community you identified at the start of the survey? *

- » Yes

What is the goal of Initiative 1?

(Goals should be SMART (specific, measurable, attainable, realistic and timely). Examples include: Reduce the number of falls in older adults by 10 percent in 2017, Fifty percent of employers in the coalition will implement a no cell phone use while driving policy within 2 years.)

The goal of Matter of Balance is to reduce falls in the older adult community by 10 percent in 2017.

Is Initiative 1 based on promising or evidence-based practices? *

- » Yes

Please provide a link to the evidence in the space below.

(e.g., Link to peer reviewed journal article, CDC compendium on Falls, SAMHSA's National Registry of Evidence-based Programs and Practices, etc.)

<https://www.ncoa.org/healthy-aging/falls-prevention/falls-prevention-programs-for-older-adults/>

Please indicate what this initiative is trying to accomplish? (Select all that apply.)

*

- » Enhancing individual knowledge and skills to prevent injuries or illness and promote safety and health
- » Reaching the community with information and resources to promote safety and health
- » Educating public health and safety professionals, doctors, and other providers who will disseminate knowledge and skills to others
- » Bringing coalitions and networks together to work on Safe Communities goals for greater impact

What type of funding do you have (are you seeking) for Initiative 1? (Select all that apply.)

*

- » Line item in the municipal/county budget

What specific type of grant(s) do you have (are you seeking) for Initiative 1? (Select all that apply.) *

How are you measuring progress or impact for Initiative 1?

(E.g., Tracking the number of people trained, Weighing the pounds of medications collected in community medicine drop boxes, Monitoring the number of organizations adopting a cell phone ban policy)

We do track the number of Matter of Balance graduates. Surveys (evaluations) are conducted at the beginning and at the end of the 8-week class. We are researching the concept of following up with graduates following graduation (perhaps 6 months, 12 months, or 18 months) to see if they've sustained a fall.

What were the results of Initiative 1?

(E.g., X% decrease in injuries, X% increase in attendance, X number of organizations changed policy, X pounds of medications collected)

We have trained 300 seniors. The vast majority of seniors report a diminished fear of falling, increase in exercise and higher level of confidence in their physical abilities.

Initiative 2 Name:

Unwanted Medication Disposal Program

Injury issue it addresses. (Select one.) *

»Unintentional drug overdoses

Does Initiative 2 align with one of the three leading causes of injury in your community you identified at the start of the survey? *

»Yes

What is the goal of Initiative 2?

Goals should be SMART (specific, measurable, attainable, realistic and timely). Examples include: Reduce the number of falls in older adults by 10 percent in 2017, Fifty percent of employers in the coalition will implement a no cell phone use while driving policy within 2 years.

To increase unwanted medication collections (measured by pounds) by 10% in 2017.

Is Initiative 2 based on promising or evidence-based practices? *

»Yes

Please provide a link to the evidence in the space below.

(E.g., Link to peer reviewed journal article, CDC compendium on Falls, SAMHSA's National Registry of Evidence- based Programs and Practices)

<http://www.jabfm.org/content/19/6/542.short>

Please indicate what Initiative 2 is trying to accomplish? (Select all that apply.)

*

- »Enhancing individual knowledge and skills to prevent injuries or illness and promote safety and health
- »Reaching the community with information and resources to promote safety and health
- »Educating public health and safety professionals, doctors, and other providers who will disseminate knowledge and skills to others
- »Bringing coalitions and networks together to work on Safe Communities goals for greater impact

What type of funding do you have (are you seeking) for Initiative 2? (Select all that apply.)

*

- »Line item in the municipal/county budget

What specific type of grant(s) do you have (are you seeking for Initiative 2? (Select all that apply.) *

How are you measuring progress or impact of Initiative 2?

(e.g., Tracking the number of people trained, Weighing the pounds of medications collected in community medicine drop boxes, Monitoring the number of organizations adopting a cell phone ban policy)

Measuring pounds of medications collected. 707 pounds were collected in 2016. Our disposal container was emptied 63 times in 2016. Nine 30-gallon fiber containers were filled along with three 5-gallon buckets.

What were the of Initiative 2?

(E.g. X% decrease in injuries, X% increase in attendance, X number of organizations changed policy, X pounds of medications collected)

In 2015, 737 pounds were collected. In 2016, 707 pounds were collected. This was a -4.07 decrease. With this said, Walgreen's Pharmacy started a medication disposal program in 2016, which may have affected our programs intake.

Initiative 3 Name:

Question, Persuade and Refer (QPR)

Injury issue it addresses. (Select one.) *

- »Suicide

Does this Initiative 3 align with one of the three leading causes of injury in your community you identified at the start of the survey? *

- »No - Why not? (Please explain.) This is a coalition-led program, which we've had in place for several years now. The programs that involve motor vehicle / traffic safety are led through the New Lenox Police Department and are not coalition-led.

What is the goal of Initiative 3?

(Goals should be SMART (specific, measurable, attainable, realistic and timely). Examples include: Reduce the number of falls in older adults by 10 percent in 2017, Fifty percent of employers in the coalition will implement a no cell phone use while driving policy within 2 years.)

To train 100 residents in QPR in 2017.

Is Initiative 3 based on promising or evidence-based practices? *

- »Yes

Please provide a link to the evidence in the space below.

(e.g., Link to peer reviewed journal article, CDC compendium on Falls, SAMHSA's National Registry of Evidence-based Programs and Practices)

<https://www.qprinstitute.com/research-theory>

Please indicate what Initiative 3 is trying to accomplish? (Select all that apply.)

*

- »Enhancing individual knowledge and skills to prevent injuries or illness and promote safety and health
- »Reaching the community with information and resources to promote safety and health
- »Educating public health and safety professionals, doctors, and other providers who will disseminate knowledge and skills to others
- »Bringing coalitions and networks together to work on Safe Communities goals for greater impact

What type of funding do you have (are you seeking) for Initiative 3? (Select all that apply.)

*

»Other type of funding (Please specify): The class is taught by one of our coalition partners, Sertoma Centre, Inc. They obtain the grant funding that covers the materials and instructor's time.

How are you measuring progress or impact Initiative 3?

e.g., Tracking the number of people trained, Weighing the pounds of medications collected in community medicine drop boxes, Monitoring the number of organizations adopting a cell phone ban policy)

We are measuring the number of residents that complete QPR training. Sign-in sheets (also needed for certificates) are utilized at each of the classes and maintained by Sertoma Centre, Inc.

What were the results of Initiative 3?

(X% decrease in injuries, X% increase in attendance, X number of organizations changed policy, X pounds of medications collected)

There was a 50% increase in QPR classes from 2015 to 2016.

Aside from your Top 3 Initiatives, what other issues is your coalition working on? (Select all that apply.) *

- »Fire Safety
- »Man-made disasters (e.g., gas leak, chemical spill, oil spill)
- »MVC – Child passenger safety
- »MVC – Distracted driving
- »MVC – Impaired driving
- »MVC – Passenger restraint
- »MVC – Teen driving
- »Natural disaster (e.g. tornado, hurricane, blizzard)

In the past year, has your coalition (as a whole) received funds to support the work of the coalition?

(e.g. line item in municipal budget, XYZ company donated x dollars to buy car seats or support printing costs) **

»Yes

In the spaces below, please tell us name of the funder as well as what the funds were used for:

Funder 1:

Village of New Lenox. Supplies, equipment, printed materials and refreshments.

Please provide a brief summary of a community success story. These stories may be included in the Safe Communities America Annual Report, NSC publications, and highlighted on the Safe Communities America website. This is an opportunity to brag about your community to partners, leaders, funders and legislators.

Examples of success stories may include, but not be limited to, new funding received as a Safe Community coalition, public recognition by leaders and/or legislators, increased media engagement or media placement, environmental improvements which support safety/injury prevention, reduction in a specific injury because of something you implemented, new or innovative initiative/program/policy organized by the coalition or stories from residents directly impacted by your work

At 6:00pm on Wednesday December 14, 2016 approximately 125 CERT / SAR members, family and friends assembled in the Community Room at the Village Hall for the Inaugural 2016 Presidential Service Awards. "The President's Volunteer Service Award is an initiative of the Corporation for National and Community Service (CNCS) and is administered by Points of Light. Through a shared mission of inspiring more to answer the call to service, the President's Volunteer Service Award celebrates the impact we can all make in bettering our communities and our world." A total of 63 New Lenox CERT / SAR members received awards as follows: Bronze 100-249 volunteer hours 34 recipients Silver 250-499 volunteer hours 21 recipients Gold 500+ volunteer hours 8 recipients New Lenox CERT and SAR Members volunteer hours for 2016 were broken down as follows: Training: CERT – 2,559.5 hours SAR – 921 hours = 3,480.5 hours Community Events: CERT – 1,780.5 hours = 1,780.5 hours Meetings: CERT – 302 hours SAR – 70 hours = 372 hours Activations: SAR – 209 hours = 209 hours All Activities: CERT – 4,642 hours SAR – 1,200 hours = 5,842 total hours CERT and SAR are two excellent programs that fall under the umbrella of the New Lenox Safe Communities America Coalition's Emergency Preparedness Task Group.

Does your coalition use any of the following media platforms? (Select all that apply.)

- »Website
- »Facebook

Website:

www.newlenox.net

Facebook:

Other (Specify below) *	x				

As a member of the Pan Pacific Safe Communities Network we are required to show how accredited Safe Communities are networking through presenting and attending conferences.

Please provide the names of conferences you attended in the past year, the date and if you presented, attended or exhibited. (e.g., 10/29/16 Annual Public Health Association Meeting and Expo – Presenter & Exhibitor, 8/9/16 - Safe Communities America Network Meeting – Attendee, 1/20/16 oral presentation on a community prescription drug drop box initiative- Presenter) Conference 1:

8/7 thru 8/9/16 Safe Communities America Conference - Attendee

Conference 2:

9/7 thru 9/10 National CERT Conference, Los Angeles, CA - Presenter and Attendee

You may or may not know that in 2017, Safe Communities America will be celebrating our 10-year anniversary!

We would like to use this milestone as an opportunity to share the collective impact of this network. Therefore, we are collecting quantitative metrics on programs and trainings many of you implement in your communities.

The next two questions are our attempt to quantify each Safe Communities impact.

We understand this is not an exhaustive list, but we have attempted to outline programs most Safe Communities in the United States are implementing.

Please select the programs/initiatives your coalition has participated in for the past ten year years, or the length your coalition has been working together. *

- » Falls prevention
- » CERT
- » Medical Corps
- » CPR training
- » Naloxone training

- »QPR/Mental Health First Aid training
- »Smoke alarms/Carbon Monoxide detectors
- »Prescription drug collection

Falls Presentation Program

of adult graduates:

375

Names of programs in place:

Matter of Balance and Fit and Strong

CERT

of volunteers:

354

of volunteer hours:

32,525

Trainings

of people trained in CPR:

Unknown

of people trained in sports concussion screening:

Unknown

of people trained in administering Naloxone:

35 NLPD Officer. Does not count NLFPD personnel or Narcan distributed through H.E.R.O. program.

of people trained in QPR or other mental health first aid:

200 in QPR and 75 in Mental Health First Aid

of student's trained in Green Dot or other violence prevention training:

None

Smoke Alarms/Carbon Monoxide Detectors

of smoke alarms distributed:

40

of carbon monoxide detectors distributed:

10

Prescription Drug Collection

of drug drop boxes in the community:

1

of pounds collected in drug drop boxes:

5,862

Contact Information

Please provide the following information below of the person who completed the survey.

Name:

Daniel Martin
