DMA Code	686

Community Injury Data

What are the leading causes of injury in your community? Please select the top three causes of injury. *

- » Falls
- » Motor vehicle crashes (any transportation related injury e.g., pedestrian, bicycles)
- » Unintentional drug overdoses

Initiative 1 Name:

Injury Prevention - Falls

Injury issue it addresses. (Select one.) *

- » Falls

Does Initiative 1 align with one of the three leading causes of injury in your community you identified at the start of the survey? *

- » Yes

What is the goal of Initiative 1?

(Goals should be SMART (specific, measurable, attainable, realistic and timely). Examples include: Reduce the number of falls in older adults by 10 percent in 2017, Fifty percent of employers in the coalition will implement a no cell phone use while driving policy within 2 years.)

Decrease number of falls, particularly in the elderly. Increase participation in falls prevention initiatives.

Is Initiative 1 based on promising or evidence-based practices? *

- » Yes

Please provide a link to the evidence in the space below.

(e.g., Link to peer reviewed journal article, CDC compendium on Falls, SAMHSA's National Registry of Evidence-based Programs and Practices, etc.)

<https://www.cdc.gov/homeandrecreationalafety/falls/index.html> <https://www.ncoa.org/healthy-aging/falls-prevention/>

Please indicate what this initiative is trying to accomplish? (Select all that apply.)

*

- » Enhancing individual knowledge and skills to prevent injuries or illness and promote safety and health
- » Reaching the community with information and resources to promote safety and health
- » Educating public health and safety professionals, doctors, and other providers who will disseminate knowledge and skills to others
- » Bringing coalitions and networks together to work on Safe Communities goals for greater impact

What type of funding do you have (are you seeking) for Initiative 1? (Select all that apply.)

*

- » Other type of funding (Please specify): in kind from partner organizations

What specific type of grant(s) do you have (are you seeking) for Initiative 1? (Select all that apply.) *

How are you measuring progress or impact for Initiative 1?

(E.g., Tracking the number of people trained, Weighing the pounds of medications collected in community medicine drop boxes, Monitoring the number of organizations adopting a cell phone ban policy)

Comparison of falls data from year to year. Involvement in fall prevention activities.

What were the results of Initiative 1?

(E.g., X% decrease in injuries, X% increase in attendance, X number of organizations changed policy, X pounds of medications collected)

Decrease falls from the previous year

Initiative 2 Name:

Injury Prevention – child passenger safety

Injury issue it addresses. (Select one.) *

»MVC – Child passenger safety

Does Initiative 2 align with one of the three leading causes of injury in your community you identified at the start of the survey? *

»Yes

What is the goal of Initiative 2?

Goals should be SMART (specific, measurable, attainable, realistic and timely). Examples include: Reduce the number of falls in older adults by 10 percent in 2017, Fifty percent of employers in the coalition will implement a no cell phone use while driving policy within 2 years.

To decrease child passenger injuries due to MVAs

Is Initiative 2 based on promising or evidence-based practices? *

»Yes

Please provide a link to the evidence in the space below.

(E.g., Link to peer reviewed journal article, CDC compendium on Falls, SAMHSA's National Registry of Evidence- based Programs and Practices)

https://www.cdc.gov/motorvehiclesafety/child_passenger_safety/index.html

Please indicate what Initiative 2 is trying to accomplish? (Select all that apply.)

- *
»Enhancing individual knowledge and skills to prevent injuries or illness and promote safety and health
- »Reaching the community with information and resources to promote safety and health

- »Educating public health and safety professionals, doctors, and other providers who will disseminate knowledge and skills to others
- »Bringing coalitions and networks together to work on Safe Communities goals for greater impact

What type of funding do you have (are you seeking) for Initiative 2? (Select all that apply.)

*

- »Other type of funding (Please specify): In kind or partner organization funds

What specific type of grant(s) do you have (are you seeking for Initiative 2? (Select all that apply.) *

How are you measuring progress or impact of Initiative 2?

(e.g., Tracking the number of people trained, Weighing the pounds of medications collected in community medicine drop boxes, Monitoring the number of organizations adopting a cell phone ban policy)

Number of car seats given out. Number of car seat inspections.

What were the of Initiative 2?

(E.g. X% decrease in injuries, X% increase in attendance, X number of organizations changed policy, X pounds of medications collected)

Only 6 of 115 car seats checked by the agent arrived installed correctly. 93 caregivers showed mastery of correct procedure by safely securing their child safety seats in their personal vehicles after being instructed by the agent or nationally certified volunteers. A follow-up evaluation was conducted online with the following results (n=35 completed surveys): * 97% (34/35) agreed that as a result of the safety check, they are better able to select an appropriate safety restraint for their child(ren). * 94% (28/35) agreed that as a result of the safety check, they are better able to correctly install their child's safety restraint in the vehicle. * 47% (16/34) made several changes to keep their child safer in the car. * 21% (7/34) made one change to keep their child safer in the car. Ten (10) participants successfully completed the 3-day National Child Passenger Safety Certification Course, increasing the number of certified professionals in the Florida Panhandle able to assist parents with safer travel. The agent served as the lead instructor as well as instructing/assisting 6 additional technicians to meet certification renewal requirements.

Initiative 3 Name:

Injury Prevention - poisoning

Injury issue it addresses. (Select one.) *

- »Unintentional drug overdoses

Does this Initiative 3 align with one of the three leading causes of injury in your community you identified at the start of the survey? *

- »Yes

What is the goal of Initiative 3?

(Goals should be SMART (specific, measurable, attainable, realistic and timely). Examples include: Reduce the number of falls in older adults by 10 percent in 2017, Fifty percent of employers in the coalition will implement a no cell phone use while driving policy within 2 years.)

To decrease the number of people having drug overdoses or accidental deaths due to drugs

Is Initiative 3 based on promising or evidence-based practices? *

»Yes

Please provide a link to the evidence in the space below.

(e.g., Link to peer reviewed journal article, CDC compendium on Falls, SAMHSA's National Registry of Evidence-based Programs and Practices)

<https://www.cdc.gov/drugoverdose/pdmp/index.html>

Please indicate what Initiative 3 is trying to accomplish? (Select all that apply.)

- *
 - »Enhancing individual knowledge and skills to prevent injuries or illness and promote safety and health
 - »Reaching the community with information and resources to promote safety and health
 - »Educating public health and safety professionals, doctors, and other providers who will disseminate knowledge and skills to others
 - »Bringing coalitions and networks together to work on Safe Communities goals for greater impact

What type of funding do you have (are you seeking) for Initiative 3? (Select all that apply.)

- *
 - »Other type of funding (Please specify): in kind from partner organizations

How are you measuring progress or impact Initiative 3?

e.g., Tracking the number of people trained, Weighing the pounds of medications collected in community medicine drop boxes, Monitoring the number of organizations adopting a cell phone ban policy)

Pounds of medications taken off streets. Number of outreach initiatives.

What were the results of Initiative 3?

(X% decrease in injuries, X% increase in attendance, X number of organizations changed policy, X pounds of medications collected)

439.28 pounds of medication collected by LEA in 2016

Aside from your Top 3 Initiatives, what other issues is your coalition working on? (Select all that apply.) *

- »Drowning
- »Suicide

In the past year, has your coalition (as a whole) received funds to support the work of the coalition?

(e.g. line item in municipal budget, XYZ company donated x dollars to buy car seats or support printing costs) **

»No

Please provide a brief summary of a community success story. These stories may be included in the Safe Communities America Annual Report, NSC publications, and highlighted on the Safe Communities America website. This is an opportunity to brag about your community to partners, leaders, funders and legislators.

Examples of success stories may include, but not be limited to, new funding received as a Safe Community coalition, public recognition by leaders and/or legislators, increased media engagement or media placement, environmental improvements which support safety/injury prevention, reduction in a specific injury because of something you implemented, new or innovative initiative/program/policy organized by the coalition or stories from residents directly impacted by your work

Working with partner organizations we run a disaster expo every year and we have started participating in a "love my neighbor" event as well that brings the community together to see what services are available and to get people meeting first responders. We are hosting our second annual "Day of Service" in May. This event brings people together to make parts of our community safer, more attractive, and provides resources to people in need. We will have partner organizations at our annual expo to share the work they do with the public.

Does your coalition use any of the following media platforms? (Select all that apply.)

»Facebook

Facebook:

<https://www.facebook.com/safersantarosa/?ref=bookmarks>

Please indicate the frequency of social media used in the past year (January – December 2016).

	Every day	Every week	Every 2 - 3 weeks	Every month	Every 2 - 3 months	Every 4 - 6 months	Once or twice a year
Facebook *		x					

Please indicate the type and frequency of communications you have used in the past year (January – December 2016).

	Did not use in past year	1-3 times/year	4-6 times/year	7-10 times/year	11+ times/year
Emails/electronic-blasts (e-blasts) *					x
Newsletters *					x
Newspaper articles *	x				
Op-eds *	x				
Presentations about Safe Communities *		x			
Word of mouth *			x		
Other (Specify below) *	x				

As a member of the Pan Pacific Safe Communities Network we are required to show how accredited Safe Communities are networking through presenting and attending conferences.

Please provide the names of conferences you attended in the past year, the date and if you presented, attended or exhibited. (e.g., 10/29/16 Annual Public Health Association Meeting and Expo – Presenter & Exhibitor, 8/9/16 - Safe Communities America Network Meeting – Attendee, 1/20/16 oral presentation on a community prescription drug drop box initiative- Presenter)
Conference 1:

IAEM conference, Sep 2016 - presenter

Conference 2:

FEPA Conference, Feb 2017 - attendee

Conference 3:

Natural Hazards Workshop, Jul 2016 - forum moderator

Conference 4:

National PPP Conference, Aug 2016 - presenter

You may or may not know that in 2017, Safe Communities America will be celebrating our 10-year anniversary!

We would like to use this milestone as an opportunity to share the collective impact of this network. Therefore, we are collecting quantitative metrics on programs and trainings many of you implement in your communities.

The next two questions are our attempt to quantify each Safe Communities impact.

We understand this is not an exhaustive list, but we have attempted to outline programs most Safe Communities in the United States are implementing.

Please select the programs/initiatives your coalition has participated in for the past ten year years, or the length your coalition has been working together. *

- » Falls prevention
- » CERT
- » Medical Corps
- » CPR training
- » Child Passenger Safety (CPS)
- » Smoke alarms/Carbon Monoxide detectors
- » Prescription drug collection
- » Active Shooter

Falls Presentation Program

of adult graduates:

999

Names of programs in place:

999

CERT

of volunteers:

650 trained____2007 to present

of volunteer hours:

999

Trainings

of people trained in CPR:

11186 Oct 2010 till present

of people trained in sports concussion screening:

999

of people trained in administering Naloxone:

999

of people trained in QPR or other mental health first aid:

999

of student's trained in Green Dot or other violence prevention training:

999

Child Passenger Safety

of Child Passenger Safety Technicians trained:

82 since 2010

of car seats checked by Child Passenger Safety Technicians:

1172 (since 2010)

of car seats distributed by Child Passenger Safety Technicians:

1055

Smoke Alarms/Carbon Monoxide Detectors

of smoke alarms distributed:

200

of carbon monoxide detectors distributed:

999

Prescription Drug Collection

of drug drop boxes in the community:

7

of pounds collected in drug drop boxes:

about 5000lbs in last 10 years

Active Shooter

of K to12 students trained:

999

of college/university students trained:

999

of employees trained:

180

Use the space below if you have any other programs/initiatives that you want to brag about. Make sure you also include the impact metric.

Child Bike Helmet Seminars/Giveaways # of children's bike helmets fitted: _____ 404 (2016 only) _____ # of children's bike helmets given away: _____ 404 (2016 only) _____

Contact Information

Please provide the following information below of the person who completed the survey.
