Community Injury Data

What are the leading causes of injury in your community? Please select the top three causes of injury. *

» Falls
» Motor vehicle crashes (any transportation related injury e.g., pedestrian, bicycles)
» Violence-related injuries (e.g. assault and homicide)

Initiative 1 Name:

Pedal Carts and Distracted Driving/DUI goggles

Injury issue it addresses. (Select one.) *

» Other (Please specify):   MVC aggressive Driving, Distracted driving and Impaired driving

Does Initiative 1 align with one of the three leading causes of injury in your community you identified at the start of the survey? *

» Yes

What is the goal of Initiative 1?
(Goals should be SMART (specific, measurable, attainable, realistic and timely). Examples include: Reduce the number of falls in older adults by 10 percent in 2017, Fifty percent of employers in the coalition will implement a no cell phone use while driving policy within 2 years.)

Reduce the overall number of crashes by 10% and number of teen fatalities by 10%

Is Initiative 1 based on promising or evidence-based practices? *

» Yes

Please provide a link to the evidence in the space below.
(e.g., Link to peer reviewed journal article, CDC compendium on Falls, SAMHSA's National Registry of Evidence- based Programs and Practices, etc.)

https://www.thecommunityguide.org/sites/default/files/assets/mvoi-AJPM-evrev-school-based1.pdf
https://www.samhsa.gov/data/sites/default/files/WebFiles_NSSATS_SR161_DUI-DWI_06-24-14/NSSATS-SR161-DUI-DWI-2014.htm https://www.cdc.gov/motorvehiclesafety/impaired_driving/strategies.html https://medicalxpress.com/news/2014-10-injury-intervention-distracted-trauma-surgeons.html

Please indicate what this initiative is trying to accomplish? (Select all that apply.)
*

» Enhancing individual knowledge and skills to prevent injuries or illness and promote safety and health
» Reaching the community with information and resources to promote safety and health
» Bringing coalitions and networks together to work on Safe Communities goals for greater impact

What type of funding do you have (are you seeking) for Initiative 1? (Select all that apply.)
*

» Sponsorship or donation (includes individual giving)

What specific type of grant(s) do you have (are you seeking) for Initiative 1? (Select all that apply.) *

How are you measuring progress or impact for Initiative 1?
(E.g., Tracking the number of people trained, Weighing the pounds of medications collected in community medicine drop boxes, Monitoring the number of organizations adopting a cell phone ban policy

> Tracking Law Enforcement agencies data for the county

What were the results of Initiative 1?
(E.g., X% decrease in injuries, X% increase in attendance, X number of organizations changed policy, X pounds of medications collected)

> Total number of crashes - 3899 in 2010 to 1562 events in 2015 with the total crash rate reduced from 31.65 in 2010 to 31.20 in 2015. The average fatality from 2010-2012 was 5 and reduced to 4.6 from 2013-2015. Crashes with Speeding rates have decreased from 1.33 in 2010 to 1.29 in 2015

Initiative 2 Name:

> Community Based Fall Programs with Assessment and Intervention

Injury issue it addresses. (Select one.) *

» Falls

Does Initiative 2 align with one of the three leading causes of injury in your community you identified at the start of the survey? *

» Yes

What is the goal of Initiative 2?
Goals should be SMART (specific, measurable, attainable, realistic and timely). Examples include: Reduce the number of falls in older adults by 10 percent in 2017, Fifty percent of employers in the coalition will implement a no cell phone use while driving policy within 2 years.

> Reduce the number of fall incidents and injury rate .

Is Initiative 2 based on promising or evidence-based practices? *

» Yes

Please provide a link to the evidence in the space below.
(E.g., Link to peer reviewed journal article, CDC compendium on Falls, SAMHSA's National Registry of Evidence- based Programs and Practices

> https://www.cdc.gov/homeandrecreationalsafety/pdf/falls/fallpreventionguide-2015-a.pdf
> https://www.princeton.edu/futureofchildren/publications/docs/10_01_03.pdf https://www.ncoa.org/healthy-aging/falls-prevention/falls-prevention-programs-for-older-adults/

Please indicate what Initiative 2 is trying to accomplish? (Select all that apply.)
*

»Enhancing individual knowledge and skills to prevent injuries or illness and promote safety and health
»Reaching the community with information and resources to promote safety and health
»Educating public health and safety professionals, doctors, and other providers who will disseminate knowledge and skills to others
»Bringing coalitions and networks together to work on Safe Communities goals for greater impact

What type of funding do you have (are you seeking) for Initiative 2? (Select all that apply.)
*

»Sponsorship or donation (includes individual giving)

What specific type of grant(s) do you have (are you seeking for Initiative 2? (Select all that apply.) *

How are you measuring progress or impact of Initiative 2?
(e.g., Tracking the number of people trained, Weighing the pounds of medications collected in community medicine drop boxes, Monitoring the number of organizations adopting a cell phone ban policy)

Tracking our facility Level 1 trauma registry data base. Data based upon those patients admitted with injuries sustained from a fall.

What were the of Initiative 2?
(E.g. X% decrease in injuries, X% increase in attendance, X number of organizations changed policy, X pounds of medications collected)

A decrease in percentage of admissions was noted in 2013 and 2014 but a return increase in 2015.Our largest population remains the ages 65+. Also noted was an increase in the 56-64 age group.

Initiative 3 Name:

Stop the Bleed Campaign and Active Shooter Training

Injury issue it addresses. (Select one.) *

»Violence - related injuries

Does this Initiative 3 align with one of the three leading causes of injury in your community you identified at the start of the survey? *

»Yes

What is the goal of Initiative 3?
(Goals should be SMART (specific, measurable, attainable, realistic and timely). Examples include: Reduce the number of falls in older adults by 10 percent in 2017, Fifty percent of employers in the coalition will implement a no cell phone use while driving policy within 2 years.)

Reduce the number of injuries sustained from assaults or violence related injuries

Is Initiative 3 based on promising or evidence-based practices? *

»Yes

Please provide a link to the evidence in the space below.
(e.g., Link to peer reviewed journal article, CDC compendium on Falls, SAMHSA's National Registry of Evidence- based Programs and Practices)

The Hartford Consensus IV A Call for Increased National Resilience The Bulletin

Please explain why the coalition is not implementing a promising or evidence-based practice at this time.

Reduce the number of injuries sustained from assaults or violence related injuries

Please indicate what Initiative 3 is trying to accomplish? (Select all that apply.)
*

» Enhancing individual knowledge and skills to prevent injuries or illness and promote safety and health
» Reaching the community with information and resources to promote safety and health
» Educating public health and safety professionals, doctors, and other providers who will disseminate knowledge and skills to others
» Bringing coalitions and networks together to work on Safe Communities goals for greater impact
» Changing organizational practices to improve safety and health
» Influencing policy and legislation (local and state)

What type of funding do you have (are you seeking) for Initiative 3? (Select all that apply.)
*

» Sponsorship or donation (includes individual giving)

How are you measuring progress or impact Initiative 3?
e.g., Tracking the number of people trained, Weighing the pounds of medications collected in community medicine drop boxes, Monitoring the number of organizations adopting a cell phone ban policy)

Tracking the number of people trained and number of assaults and deaths from violence per Law enforcement data

What were the results of Initiative 3?
(X% decrease in injuries, X% increase in attendance, X number of organizations changed policy, X pounds of medications collected)

Still obtaining. New program started this year.

Aside from your Top 3 Initiatives, what other issues is your coalition working on? (Select all that apply.) *

» Fire Safety
» Man-made disasters (e.g., gas leak, chemical spill, oil spill)
» MVC (Motor Vehicle Crashes) – Aggressive driving
» MVC – Child passenger safety
» MVC – Distracted driving
» MVC – Impaired driving
» MVC – Teen driving
» Natural disaster (e.g. tornado, hurricane, blizzard)
» Unintentional drug overdoses
» Violence - related injuries
» Workplace injuries

In the past year, has your coalition (as a whole) received funds to support the work of the coalition?
(e.g.line item in municipal budget, XYZ company donated x dollars to buy car seats or support printing costs)   * *

»No

Please provide a brief summary of a community success story. These stories may be included in the Safe Communities America Annual Report, NSC publications, and highlighted on the Safe Communities America website. This is an opportunity to brag about your community to partners, leaders, funders and legislators.
Examples of success stories may include, but not be limited to, new funding received as a Safe Community coalition, public recognition by leaders and/or legislators, increased media engagement or media placement, environmental improvements which support safety/injury prevention, reduction in a specific injury because of something you implemented, new or innovative initiative/program/policy organized by the coalition or stories from residents directly impacted by your work

| 1. Kingsport City Recognition of Safe Communities America Day- October 2016 2. Annual Kingsport Area Safety Seminar- approximately 500-600 attendees from the region 3. Network and coalitions with area law enforcement , EMS /Fire for active shooter training, Stop the Bleed Campaign and high risk community focus groups for safety and wellness initiatives. |

Does your coalition use any of the following media platforms? (Select all that apply.)

»Website

Website:

| http://kptasc.org/index.htm |

Please indicate the frequency of social media used in the past year (January – December 2016).

Please indicate the type and frequency of communications you have used in the past year (January – December 2016).

	Did not use in past year	1-3 times/year	4-6 times/year	7-10 times/year	11+ times/year
Emails/electronic-blasts (e-blasts) *					x
Newsletters *	x				
Newspaper articles *		x			
Op-eds *	x				

Presentations about Safe Communities *				x	
Word of mouth *					x
Other (Specify below) *	x				

As a member of the Pan Pacific Safe Communities Network we are required to show how accredited Safe Communities are networking through presenting and attending conferences.

Please provide the names of conferences you attended in the past year, the <u>date</u> and if you presented, attended or exhibited. (e.g., 10/29/16 Annual Public Health Association Meeting and Expo – Presenter & Exhibitor, 8/9/16 - Safe Communities America Network Meeting – Attendee, 1/20/16 oral presentation on a community prescription drug drop box initiative- Presenter)
Conference 1:

Safe Communities America Network Conference August 2016, Presented about community prescription drug abuse

You may or may not know that in 2017, Safe Communities America will be celebrating our 10-year anniversary!

We would like to use this milestone as an opportunity to share the collective impact of this network. Therefore, we are collecting quantitative metrics on programs and trainings many of you implement in your communities.

The next two questions are our attempt to quantify each Safe Communities impact.

We understand this is not an exhaustive list, but we have attempted to outline programs most Safe Communities in the United States are implementing.

Please select the programs/initiatives your coalition has participated in for the past ten year years, or the length your coalition has been working together. *

»Falls prevention
»Child Passenger Safety (CPS)
»Smoke alarms/Carbon Monoxide detectors
»Child bike helmet seminars/giveaways
»Prescription drug collection
»Active Shooter

<u>Falls Presentation Program</u>
# of adult graduates:

150

Names of programs in place:

3

<u>Child Passenger Safety</u>
# of Child Passenger Safety Technicians trained:

0

# of car seats checked by Child Passenger Safety Technicians:

800-1000

# of car seats distributed by Child Passenger Safety Technicians:

0

Smoke Alarms/Carbon Monoxide Detectors
# of smoke alarms distributed:

500

# of carbon monoxide detectors distributed:

100

Child Bike Helmet Seminars/Giveaways
# of children's bike helmets fitted:

110

# of children's bike helmets given away:

5

Prescription Drug Collection
# of drug drop boxes in the community:

3

# of pounds collected in drug drop boxes:

8000

Active Shooter
# of K to12 students trained:

999

# of college/university students trained:

999

# of employees trained:

150
