General Motors Foundation

Teen Driving Safety Leadership Award

Recognizing those saving lives and changing behaviors

Car crashes are the number one cause of death for teens, yet these crashes are preventable. Individuals and organizations across the U.S. are working to keep teens safer on the roads. The National Safety Council wants to recognize these efforts.

If you know an individual or organization that has made a positive difference in teen driver safety, submit a nomination for the Teen Driving Safety Leadership Award today!

Award winners will be chosen based on evidence of achieving the following outcomes:

- ✓ Changing behaviors to reduce teen crashes using proven, evaluated methods
- ✓ Leading efforts to educate and engage teens, parents and or communities around teen safe driving practices
- ✓ Advocating for policies based on the proven principles of Graduated Driver Licensing

The nomination form can be found online at nsc.org/teenaward. Recipients of the Teen Driving Safety Leadership Award, sponsored by General Motors Foundation, will be announced in October and receive national recognition at the 2016 NSC Congress & Expo.

Do you know someone deserving of this award?
