

Defensive Driving Online Course

National Safety Council Defensive Driving Online Courses bring the internationally renowned curriculum from our flagship instructor-led, Classroom Courses into a convenient web-based format to further educate and motivate drivers to change their unsafe and risky behind-the-wheel behaviors and attitudes.

Available in both a 4-hour and 2-hour format, the curriculum in our premier 4-hour defensive driving online course is tailored to the participant's profile – including age, driving behaviors and attitudes, risk level, vehicle type and surrounding conditions – based on responses to questions asked throughout the course.

Course objectives

This course presents real-life driving situations and hazard recognition scenarios that will help drivers recognize their own personal driving tendencies and attitudes. It will motivate drivers to change their risky behind-the-wheel habits and encourage them to be safe and responsible motorists.

Course highlights

Defensive Driving Online offers state-of-the-art technology with an emphasis on scenario-based training, hazard risk assessments, knowledge checks, session reviews and a final exam. This enhanced level of interactivity works effectively at multiple phases and levels of driver training – from new hire to post-incident and refresher training. Other course highlights include:

- ▶ Full-course narration with closed captioning for the hearing impaired
- ▶ High definition videos, 3-D animation, graphic illustrations and interactive gaming exercises
- ▶ Easy to follow navigation and a convenient bookmark feature
- ▶ Internet connection-speed technology and universal device compatibility
- ▶ Printable Certificates of Completion

Defensive Driving Online Course

For a detailed course overview of NSC Defensive Driving Online, go to nsc.org/Defensive-Online-Overview

The course covers key topics and issues including:

It's all About Choices—Determine your personal driving profile, driving attitudes and behaviors, defensive driving, and collision prevention strategies

Ready for the Road—How various conditions – controllable and uncontrollable – affect your driving. Learn defensive driving techniques to compensate for those situations as well as vehicle maintenance, and occupant protection systems

Don't Add Insult to Injury—Impaired, distracted, fatigued and aggressive driving and managing your emotions while driving

Success on the Road—Six most unsafe driving behaviors, hazard recognition driving scenarios and how to apply safe driving techniques

Collision Prevention—Steps to preventing collisions through real-life driving reenactments and identifying road sign shapes

Driving for Life—Habits of defensive driving and recognizing personal accountability for your driving behaviors and decisions

The content, videos and interactive exercises will vary between the 4-hour and 2-hour courses. Not all of the content covered in the 4-hour course and listed above will be included in the 2-hour course. Only the 4-hour course offers adaptive curriculum based on the participant's driver profile. The 2-hour course contains only the primary learning points from our 4-hour course.
