Alive at 25 Parent Program
Online Course

Parents’ ability to reinforce basic-driving and good decision-making skills will guide teens in becoming safe, responsible and defensive drivers. This 2-hour course will better prepare parents to partner with teens to reduce dangerous risks and address the uncertainties and anxieties parents of young drivers may have. The program provides parents the strategies to help keep teenage drivers safe during the most dangerous activity they will face as young adults.

Course objectives
Alive at 25® Parent Program Online is designed for parents of teenagers who will be getting or have recently gotten their driver’s license.

This course provides a realistic picture of the risks a teen driver faces while behind the wheel, based on scientific evidence and provides practical solutions to reduce the unique risks and hazards teen drivers face.

Parents will gain a better understanding of their teen’s need for defensive driving training, Graduated Driver Licensing (GDL) and related laws for safety belts, speeding, alcohol and drugs. It will provide tactics for developing a positive parent/teen partnership, from learning to drive through independent driving and offers a Parent/Teen Driver Contract, and discussion on how the agreement helps manage the driving experience.

The course covers key topics and issues including:
Risky Business — Risk and hazards related to teen driving and recognizing the need for defensive driving training
Working as a Team — Partnering with your teen in the learning to drive process and identifying the traits and abilities to be an effective partner
Laying Down the Law — Identifying GDL, its components, and other state laws, driving skills to practice and preparing a driver checklist
Getting it in Writing — Developing an effective Parent/Teen Driver Contract, driving restrictions and consequences as your teen learns to drive
