Do not eat, smoke or drink where chemicals are:

- Handled
- Processed
- Stored

Wash hands carefully, even if you were wearing PPE, before:

- Eating
- Smoking
- Using the toilet
- Handling cosmetics
- Touching contact lenses

Do not use any chemical if the:

- Label is missing
- Cap is damaged

Read Safety Data Sheets (SDS) for:

- Proper handling
- What PPE to wear
- What to do in case of an emergency

Don’t take any risks, if in doubt ask your supervisor.
