13 WORKERS WITH DISABILITIES

CASE STUDY

The Hamilton County Health Department has interviewed Paula McKay for a position as lab technician. Paula is a qualified individual with a disability; she has diabetes and a prosthetic leg. The personnel department has called on safety and health manager Juanita Hall for assistance.

1.	What is the role of the safety and health professional in job placement for qualified disabled indi-
	viduals?

2. What will Juanita's responsibilities be in this case?

3. Will Juanita be involved in the issue of reasonable accommodation?
