Three Keys to Credibility

- Competence
- Communication
- Accountability
Competence: The set of demonstrable characteristics and skills that enable, and improve the efficiency or performance of a job.

Ability + Capability = Skill
Communication: This is the foundation of any relationship. Ensure you are respectful, share needed information and listen to others.

Clear, Concise, and Coherent to all
Accountability: Hold yourself accountable, do not pass blame. Always work toward a solution.

The standard you hold yourself to will reflect positively on you and inspire your team to do the same.
Thank you!
