Keep these items in your car in case you get stranded:

- Hand-Crank flashlight and flares
- Battery-powered cell phone charger
- Jumper cables
- Drinking water and nonperishable energy boosting snacks
- Jacket, hat, gloves, blanket and hand warmers
- Ice melt or sand, shovel and ice scraper
- Extra washer fluid

Know these winter driving hazards and avoid incidents or injuries:

- Don't warm up your car in enclosed areas even if the garage door is open
- Make sure your car’s external camera lenses, headlights, taillights and side view mirrors are clean
- Remove dirt, ice and snow from sensors to allow the assistive-driving features like automatic emergency braking to work
- Inflate tires to proper pressure for optimal performance in slippery conditions
- Keep your gas tank more than half full so gas lines don’t freeze up
